**Show Time As:** Tentative

This time has been set up to brief Greg on NSPS OOOOa revisions in support of the planned 10/15/19 re-do on the Options Selection (OS) for the 'technical package' which is a final rule revision which will be sent to OMB soon.

I am taking off on holiday 10/4-10/14, so thought it would be best to brief Greg now – the workgroup does not anticipate changes to the content of the earlier OS material, more likely a reorder of material presented depending on Ms. Idsal's interest.

Attached are the briefing materials from the previous Option Selection from OAQPS.

Also attached is the 'virtual briefing' material I used for our R8 management (we didn't have time to meet in person) before that previous OS.

Shea – could you please print the attachments for Greg?
